

# Funding to support “MOST” campaign efforts in Faribault

The “MOST” campaign is coming back to Faribault this school year!

As a result, the Rice County Chemical Health Coalition is pleased to offer funding for projects that further develop, expand upon, and/or support the campaign.

All staff members at schools in Faribault that serve students in grades 6-8 are encouraged to apply! Applications of up to \$250 will be considered.

The application is short and easy to complete. Sample ideas for activities are included in the MOST Information Packet (distributed in early September), but you’re encouraged to use your creativity!

The activities should be designed to reinforce the theme that **most Faribault students make GREAT choices!**

**Please see the application on the reverse side.**

*Please submit requests to:*

Kathy Sandberg, Rice County Family Services Collaborative  
1800 NE 14<sup>th</sup> Street, Faribault, MN 55021
