Most students don't use marijuana.

Discussion Questions

- Why do you think people smoke marijuana?
- Is it a good idea? Why or why not?
- What are the negative effects of using marijuana?
- Youth who smoke cigarettes are more likely to use marijuana as well. Why do you think that is?
- If someone asked you to smoke pot (marijuana), what would you say?
- What do people mean by medical marijuana? What do you think about this issue?

Activities

- Do some research about marijuana. What are the health effects? What are the social effects? What are the emotional effects?
- Draw a cartoon about someone saying "no" to an offer to smoke pot.
- Write a poem about keeping your mind clear and body healthy.
- Do some research on medical marijuana. Create a commercial explaining the issue.
- Design a poster encouraging your peers to stay marijuana free.
